Mr. Bob Corley
Aaron Rents Inc
309 East Paces Ferry Road NE
8th Floor
Atlanta, Georgia 30305

Dear Mr. Corley:

On July 22, 2010, I inspected the Aarons at 201 Towne Center Boulevard, Van Wert, Van Wert County. The purpose of my visit was to evaluate compliance of the site with your National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge associated with construction activity, Facility ID No. 2GC02369*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. The Ohio EPA has no record of other permittees at this site.

As a result of the inspection, you may be eligible to terminate your NPDES permit for this site. It appears that construction activities at the site are completed. Accordingly, a Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. A NOT may be filed if one or more of the following conditions have been met:

- < Final stabilization has been achieved on all portions of the site for which the permittee is responsible. Final stabilization means:

All soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment is permanently stabilized.

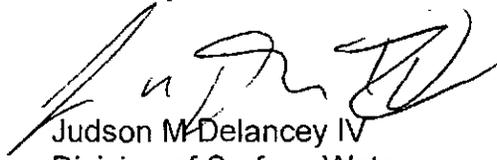

- < Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

Mr. Bob Corley

Page 2

It appears that you are eligible to file a NOT which can be found on our website:
<http://www.epa.ohio.gov/dsw/storm/stormform.aspx>. NOTs must be submitted to Ohio
EPA's Central Office within forty five days of when the above criteria are met.

If there are any questions, please contact me at (419) 373-3036.

Sincerely,

Judson M. Delancey IV
