Dear Mr. Jordan:

Sonic Drive-In holds an Ohio EPA National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID NO 2GC01501, also known as a Construction General Permit (CGP) for the Sonic Store in Van Wert, Ohio. From a July 29, 2010, inspection, it appears that all construction activity has been completed at this site.

Part IV.A. of the CGP states that "The terms and conditions of this permit shall remain in effect until a signed Notice of Termination (NOT) form is submitted. Failure to submit an NOT constitutes a violation of this permit and may affect the ability of the permittee to obtain general permit coverage in the future."

We have sent you a letter in each of the three previous years requesting that you submit an NOT for the Van Wert, Ohio site. I am enclosing an NOT form along with instructions for filling out the NOT for your convenience. If you do not file the NOT according to the terms and conditions of the CGP, I will request that any general permit applications for storm water construction coverage be held for any future Sonic Drive-In developments in Ohio.

If you have any questions, you may contact me at 419-373-3016 or by e-mail at [patricia.tebbe@epa.state.oh.us](mailto:patricia.tebbe@epa.state.oh.us).

Cordially,
