Re: Wood County  
Cherry Street  
Construction  
Storm Water

July 30, 2010

Ms. Kathy Healy  
Administrator  
Village of North Baltimore  
205 N Main St  
North Baltimore, OH 45872

Dear Ms. Healy:

On July 12, 2010, Sarah Clement and I inspected Cherry Street, North Baltimore in Wood County. The purpose of our visit was to evaluate compliance of the site with your National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge associated with construction activity, Facility ID No. 2GC02183\*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA has no record of other permittees at this site.

As a result of the inspection, you may be eligible to terminate your NPDES permit for this site. It appears that construction activities at the site are completed. Accordingly, a Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. A NOT may be filed if one or more of the following conditions have been met:

- < Final stabilization has been achieved on all portions of the site for which the permittee is responsible. Final stabilization means that:

All soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment is permanently stabilized.

- < Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

Ms. Kathy Healy

Page Two

It appears that you are eligible to file an NOT from which can be found on our website at: <http://epa.ohio.gov/dsw/storm/stormform.aspx>. NOTs must be submitted to Ohio EPA's Central Office within forty five days of when the above criteria are met.

If there are any questions, please contact me at (419) 373-3036.

Sincerely,

Judson M. Delancey IV  
Division of Surface Water  
Storm Water Program
