Re: Wood County
Eagleville Road Extension
Construction
Storm Water

August 5, 2010

Mr. Thomas Garrett
Evansville Western Railway, Inc.
1500 Kentucky Avenue
Paducah, Kentucky 42003

Dear Mr. Garrett:

On July 12, 2010, Judson Delancey and I inspected Eagleville Road Extension between Mitchell Road and Hough Road in Henry Township, Ohio. The purpose of our visit was to evaluate compliance of the site with your National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge associated with construction activity, Facility ID No. 2 GC02641*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111.

At the time of the inspection, it appeared that no construction activities had begun on the site. When construction does begin, it is important to keep in mind the permit requirements for storm water management during construction and post construction. Please refer to Ohio's *Rainwater and Land Development Manual* (ODNR) for the proper installation and maintenance of erosion and sediment control practices.

If there are any questions, please contact me at (419) 373-3025.

Sincerely,

Sarah Clement
Division of Surface Water
Storm Water Program
