Construction Activity
Permit No. 2GC00805*AG

October 18, 2010

Mr. Robert Boos
A. A. Boos and Sons
2015 Pickle Road
Oregon, Ohio 43616

Dear Mr. Boos:

On July 14, 2005, Bodel Development Company received coverage under the Ohio EPA General Permit for Storm Water Associated with Construction Activity (CGP) for the Graceland Subdivision. This CGP is still active and you are named as the contact

On October 7, 2010, I performed an inspection of this site, located on the NE corner of Walbridge Road and State Route 51, Wood County. The purpose of this visit was to evaluate compliance of the site with the CGP. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that this project was never developed.

Please inform this office if you wish to continue or terminate this NPDES permit. Please be aware that the CGP that you received for this development has expired and you will be required to operate under the terms and conditions of the CGP issued on April 21, 2008. This will require you to update your Storm Water Pollution Prevention Plan to meet the requirements of the current CGP before any construction activities are begun. The current CGP can be viewed on our website at:
<http://www.epa.ohio.gov/LinkClick.aspx?fileticket=y8Ff9MECTVQ%3d&tabid=3466>

If you wish to terminate your CGP coverage I am enclosing an NOT form and instructions for your convenience.

Please submit this form to:

Ohio Environmental Protection Agency
General Permit Program
P. O. Box 1049
Columbus, Ohio 43616-1049
