RE: Wood County  
Storm Water  
Construction Activity  
Permit No. 2GC00209\*AG

March 25, 2010

Mr. Mike Tiller  
7559 Summerfield Road  
Lambertville, OH 48144

Dear Mr. Tiller:

On March 19, 2010, I performed a visual inspection of the Storage Facility site located off SR 795 east of Glenwood Rd, Wood County. The purpose of this visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. As a result of this inspection, it appears that your site is eligible to terminate your NPDES permit.

It appears that construction activities at this storage facility in Wood County are complete. Accordingly, a Notice of Termination (NOT) must be filed to relieve you of the obligation to comply with this general permit. An NOT may be filed if final stabilization has been achieved on all portions of the site for which the permittee is responsible. Final stabilization means that all soil disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed and properly disposed of, and all trapped sediment is permanently stabilized. The NOT form and instructions may be found on our website at: <http://www.epa.ohio.gov/dsw/storm/stormform.aspx>

If there are any questions, please contact me at (419) 373-3016 or by e-mail at [patricia.tebbe@epa.state.oh.us](mailto:patricia.tebbe@epa.state.oh.us)

Sincerely,

Patricia A. Tebbe, P.E.  
Division of Surface Water
