Erie County D.O.E.S. Water Division
2614 Columbus Avenue
Sandusky, Ohio 44870

SUBJECT: CCR VIOLATIONS

Dear Mr. Moyer:

The Ohio EPA - Northwest District Office (NWDO) received the 2006 Consumer Confidence Report (CCR) for the Perkins District PWS on June 20, 2007. The CCR was reviewed for the required content. Based on our review, the Perkins District public water system is in violation of the Ohio Administrative Code (OAC) rules 3745-96-01 through 04 for failure to comply with the CCR requirements, the following minor violations were noted:

1. The Table of Detected Contaminants was included in the report, however, a routine total coliform positive sample from July 20, 2006 was omitted from the table.
2. Required health information that was required as a result of an MCL, **Treatment Technique** or Action Level Exceedance was not included in the report.

"Turbidity has no health effects. However, turbidity can interfere with disinfection and provide a medium for microbial growth. Turbidity may indicate the presence of disease-causing organisms. These organisms include bacteria, viruses and parasites that can cause symptoms such as nausea, cramps, diarrhea, and associated headaches."

3. **Total Coliform** monitoring/reporting violation information was not included in the report.

Be sure to correct the violations as appropriate in your next CCR. The next report for calendar year 2007 must be sent to your customers by no later than July 1, 2008. A copy of the CCR along with a Certification Form must be submitted to NWDO at the above (letter head) address. Violations in future reports may result in further enforcement action.

Mr. David W. Moyer, Superintendent
