**Rescind - Notice of Violation – failure to submit MOR by the tenth of the month**

Dear Mr. Allen:

On September 18 2008, the Ohio EPA, DDAGW, NWDO issued a Notice of Violation to the Village of Delta for failing to submit the August 2008 Addendum for Individual Filter Turbidity Results (EPA Form 5109 B). The Ohio EPA, DDAGW, NWDO reviewed special conditions of the plan approval dated June 15, 2004 (Application No. 261114) for the Microfiltration and Membrane Softening Water Treatment Plant. The Ohio EPA, DDAGW, NWDO determined that the Village of Delta is not required to monitor the turbidity from each membrane treatment unit at this time. The Village of Delta is not required to submit the EPA Form 5109 B report at this time. Future regulations may require the Village of Delta to monitor the turbidity continuously from each microfiltration membrane treatment unit. The Ohio EPA, DDAGW, NWDO notice of violation letter dated September 18, 2008 is hereby rescinded.

If you have any questions, please call me at (419) 373-4118.

Sincerely,

Justin W. Bowerman  
Division of Drinking and Ground Waters
