Dunkirk, Ohio 45836

Re: 2008 CCR

Dear Mr. Cramer:

Ohio EPA received the 2008 Consumer Confidence Report (CCR) for the Dunkirk Water Treatment Plant Public Water System on June 16, 2009. The CCR was reviewed for the required content. Based on our review, the Dunkirk Water Treatment Plant Public Water System is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following deficiency was noted:

1. Failure to include a summary of your source water susceptibility to contamination (see enclosed report Drinking Water Source Assessment for the Village of Dunkirk PWS ID # 3300212.

Be sure to correct the violation as appropriate in your next CCR. The next Consumer Confidence Report for calendar year 2009 must be sent to your customers by no later than July 1, 2009. A copy of the CCR along with a Certification Form must be submitted to the Northwest District Office at the above address. The CCR template and template guide are accessible on our website: www.epa.state.oh.us/ddagw.

If you have any questions, please contact me at (419) 373-3042.

Sincerely,

Larry W Moritz
Division of Drinking and Ground Waters
