Dear Mr. Akeman:

Ohio EPA received the 2008 Consumer Confidence Report (CCR) for the Village of McClure on June 16, 2009. The CCR was reviewed for the required content. Based on our review, the Village of McClure water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violation was noted:

- 1. The Table of Detected Contaminants did not contain results for copper.

The next report for calendar year (2009) must be sent to your customers by no later than July 1, 2010. One copy of the CCR, along with a Certification Form, must be submitted to the Northwest District Office by July 1st annually. The Ohio EPA CCR template, the Instructions for the Ohio EPA CCR and the CCR Certification Form are available on our web page. Violations in future reports may result in further enforcement action.

If you have any questions, contact me at (419)373-4118.

Sincerely,

Justin W. Bowerman
Division of Drinking and Ground Waters
