Dear Mr. Crosby:

Ohio EPA received the 2006 Consumer Confidence Report (CCR) for the City of Bellevue on April 23, 2007. The CCR was reviewed for the required content. Based on our review, the City of Bellevue water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violations were noted:

1. Required health language due to an exceedance of a level of concern was not included for Nitrate.

The next report for calendar year 2007 must be sent to your customers by no later than July 1, 2008. One copy of the CCR, along with a Certification Form, must be submitted to the Northwest District Office by July 1st annually. The Ohio EPA CCR template, the Instructions for the Ohio EPA CCR and the CCR Certification Form are available on our web page at www.epa.state.oh.us/ddagw/ccr.html. Check our web-site annually, before preparing your CCR for the latest CCR template and instructions.

If you have any questions, contact me at (419)373-4118.

Sincerely,
