September 17, 2008

Mr. Bryan Puder, Distribution Superintendent  
Northern Ohio Rural Water  
P.O. Box 96  
Collins, Ohio 44826

**SUBJECT: 2007 Consumer Confidence Report**

Dear Mr. Puder:

The Ohio EPA - Northwest District Office (NWDO) received the 2007 Consumer Confidence Report (CCR) for the NORW Main District on May 6, 2008. The CCR was reviewed for the required content. Based on our review, this water system is in compliance with the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04. However, the following irregularities were noted:

1. The Table of Detected Contaminants was included but the Total Chlorine residual data presented was incorrect.
2. Certain Level Found and Range of Detections data presented for the Volatile Organic Contaminants (Total Trihalomethanes and Haloacetic Acids) were also determined to be incorrect.

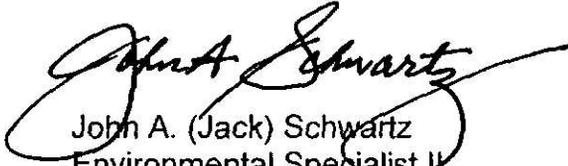

Be sure to correct the irregularities as appropriate in your next CCR. The next report for calendar year 2008 must be sent to your customers by no later than July 1, 2009. A copy of the CCR along with a Certification Form must be submitted to NWDO at the above address. Violations in future reports may result in further enforcement action.

The CCR Template Instruction Guide and Template are accessible via the internet on the Ohio EPA website at [www.epa.state.oh.us/ddagw/ccr.html](http://www.epa.state.oh.us/ddagw/ccr.html).

Mr. Bryan Puder, Distribution Superintendent
