Notice of Violations – Monthly & Quarterly Reports

Dear Mr. Osborne:

Both the June 2010 Plant – Distribution Monthly Operation Report (EPA Form 5002) and the 2nd calendar quarter Total Chlorine Residual Quarterly Report (EPA Form 5114) have not been received by Ohio EPA-Northwest District Office (NWDO).

Ohio Administrative Code rule 3745-83-01 (I) (2) requires that operational reports be submitted to NWDO no later than the tenth of the month following the month/calendar quarter for which the report was prepared. This rule also requires reports to be signed by the designated operator in responsible charge in accordance with rule 3745-7-02 of the Administrative Code.

More than one operator of record may be designated to oversee the technical operation of the public water system by completion and return of the enclosed Operator of Record Notification Form to the Operator Certification Unit.

Failure to take action to address these two reporting violations may result in further enforcement action being taken.

If you have any questions regarding this letter, or any other matter involving your water system, then please contact me directly by telephone at 419-373-3088 or via electronic messaging to jack.schwartz@epa.state.oh.us.

Sincerely,

John A. (Jack) Schwartz
