Re: 2007 Consumer Confidence Report

Dear Mr. Gladden:

The Ohio Environmental Protection Agency (Ohio EPA) received the 2007 Consumer Confidence Report (CCR) for the Village of Genoa on May 19, 2008. The CCR was reviewed for the required content. Based on our review, the Village of Genoa water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following minor violation was noted:

1. The Total Chlorine residual levels must be reported in the table. (These levels can be found on the Total Chlorine Residual Quarterly Operating Reports, form 5114 and CCR reporting information can be found in the template instruction guide.)

Be sure to correct the violation(s) as appropriate in your next CCR. The next report for calendar year 2008 must be sent to your customers by no later than July 1, 2009. A copy of the CCR along with a Certification Form must be submitted to the Ohio EPA, Northwest District Office at the above address. Violations in future reports may result in further enforcement action.

The CCR template and template instruction guide are accessible on our website at www.epa.state.oh.us/ddagw.

If you have any questions, please contact me at 419-373-3101.

Sincerely,

Ben Smith
