Re: 2007 Consumer Confidence Report

Dear Ms. Angel:

The Ohio Environmental Protection Agency (Ohio EPA) received the 2007 Consumer Confidence Report (CCR) for Greenwood Mobile Home Park (MHP) on July 30, 2008. The CCR was reviewed for the required content. Based on our review, the Greenwood MHP water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following minor violation was noted:

1. A copy of the consumer confidence report and the certification were not received by Ohio EPA by July 1, 2008.
2. The table of detected contaminants contained inaccurate/unclear information.

The total coliform reported as the range of detections being 2 did not report the 1 E. Coli positive sample in the level found and the table was not complete with all of the required information for the contaminant (MCL and MCLG).

There are no units specified for the barium detection.

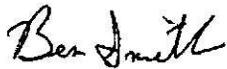

Be sure to correct the violation(s) as appropriate in your next CCR. The next report for calendar year 2008 must be sent to your customers by no later than July 1, 2009. A copy of the CCR along with a Certification Form must be submitted to the Ohio EPA, Northwest District Office at the above address. Violations in future reports may result in further enforcement action.

Ms. Dawn Angel
