Re: Paulding County
Brentwood MHP
Community Water System
PWS ID# 6300212

November 1, 2007

Mr. Tim Smith, Manager
Midwest Property Management
8959 Airport Highway
Holland, Ohio 43528

Dear Mr. Smith:

The Ohio Environmental Protection Agency (Ohio EPA), Drinking Water Plant - Distribution Monthly Operation Report (EPA 5002) (MOR) was received for your public water system for September 2007. The Total Chlorine Residual Quarterly Operating Report (EPA 5114) (QOR) was not received for the calendar quarter of July to September 2007.

Free and combined chlorine residuals are required to be conducted at the **plant tap and in the distribution system daily (seven days per week)** according to Ohio Administrative Code (OAC) Rule 3745-83-01(G)(1) and (2).

The Brentwood MHP is in violation of OAC Rule 3745-83-01(G)(1) and (2) for not completing daily chlorine monitoring at the plant tap and in the distribution.

Disinfection residual measurements are required to be taken for **total chlorine** at the same time total coliform bacterial samples are collected according to Ohio Administrative Code (OAC) Rules 3745-81-70 (E). The total chlorine residuals obtained during routine and repeat total coliform bacterial monitoring events are to be reported on the QOR by the 10th of the month following the end of the calendar quarter being reported. [i.e. The third calendar quarter (July - September) should be submitted to the district office no later than October 10th.]

The Brentwood MHP is in violation of OAC Rule 3745-81-70(E) for not submitting the total chlorine QOR for the third quarter 2007.

If you have any questions as a result of this letter, please contact me at (419) 373-3101.

Sincerely,

Ben Smith
Environmental Specialist 2
Division of Drinking and Ground Waters
