Subject: CCR Violations

Dear Mr. Stoller:

Ohio EPA received the 2008 Consumer Confidence Report (CCR) for Country Inn Enhanced Living Center on June 24, 2009. The CCR was reviewed for the required content. Based on our review, the Country Inn Enhanced Living Center water system is in violation of the Ohio Administrative Code (OAC) Rules 3745-96-01 through 04 for failure to comply with the CCR requirements. The following violation was noted:

1. Monitoring or reporting violation information was not included in the report. Failure to monitor your drinking water during the October 1, 2008 to December 31, 2008, monitoring period for Volatile Organic Chemicals (VOCs) should have been reported.

Be sure to correct the violation as appropriate in your next CCR. The next report for calendar year 2009 must be sent to your customers by no later than July 1, 2010. A copy of the CCR, along with a Certification Form, must be submitted to the Northwest District Office at the above address. Violations in future reports may result in further enforcement action.

The CCR template and template guide are accessible at <http://www.epa.state.oh.us/ddagw>.
