Subject: Failure to Sample Drinking Water for Total Coliforms as Required

Willow Park Water Association is in violation of Ohio Administrative Code (OAC), Rule 3745-81-21 for failure to comply with the total coliform monitoring.

Monitoring Period: March 2008
Required Coliform Monitoring: 1 (One) Routine sample each month
Sample Results Submitted: None

To ensure the safety of drinking water provided by your system, monitoring for total coliforms is essential.

ACTION REQUIRED:

1. Notify the people served by this water system using one or more of the methods and the timing as required by OAC, Rule 3745-81-32 to reach all persons served. The appropriate methods for your system are listed below under the Community column.

Community	Transient or NTNC
Timing: As soon as practical, but no later than one year after learning of the violation:	Timing: As soon as practical, but no later than 30 days after learning of the violation:
Methods: <ul style="list-style-type: none"> • Mail or other direct delivery to each customer; or • Annual Consumer Confidence Report provided it's distributed within one year after learning of the violation; and • If necessary to reach all persons regularly served, use other notification methods such as newspaper publication, public posting or Internet posting 	Methods: <ul style="list-style-type: none"> • Posting in conspicuous location, such as bulletin boards, restrooms, drinking fountains, vending areas • Mail or other direct delivery to each customer • Newsletters or newspaper • E-mail to employees or students • Send to parents or guardians of children at schools or day care facilities

Posted notices must remain in place as long as the violation or situation exists, but in no case less than seven days (even if the violation is resolved). The language in italics on the enclosed public notice is mandatory and must be included, as written. Do not make changes to the public notice without consulting with the Ohio EPA beforehand.

**PUBLIC NOTICE INSTRUCTIONS AND VERIFICATION FORM FOR
COMMUNITY PUBLIC WATER SYSTEMS WITH TIER 3 VIOLATIONS**

The owner or operator of a community public water system with a Tier 3 violation or situation shall notify the persons served by the public water system as soon as practical but **no later than one year** after the system learns of the violation. At a minimum, community public water systems must issue the notice by **mail or other direct delivery**. Public notice issued by methods other than posting shall be repeated annually as long as the violation or situation persists.

I HEREBY CERTIFY THAT THE PUBLIC WAS NOTIFIED BY THE FOLLOWING METHOD(S) INDICATED BELOW, AS DESCRIBED IN THE OHIO ADMINISTRATIVE CODE, RULE 3745-81-32:

Required Method of Public Notification	Actual Method of Public Notification
<p>Use the following method to reach all persons served by the public water system:</p> <p>Public notice issued by mail or other direct delivery to each customer receiving a bill and to other service connections to which water is delivered by the public water system. The consumer confidence report delivered to customers by July 1 of each year may be used as long as the public notice includes all the required content and is delivered within the required timeframe.</p>	<p>Describe actual methods used to notify public of the violation:</p> <p>A. Date of mailing/delivery _____</p>
<p>If the above method does not reach all persons served, also use any other method reasonably calculated to reach other persons regularly served by the public water system (e.g. publication in a local newspaper, delivery of multiple copies for distribution by customers that provide their drinking water to others, posting in public places served by the system or on the Internet, or delivery to community organizations). If the notice is posted, it shall remain in place as long as the violation exists, but in no case less than 7 days.</p>	<p>A. Method(s) _____</p> <p>_____</p> <p>B. Date(s) _____</p> <p>_____</p>

Please check if the public notice used was provided by Ohio EPA or another acceptable notice was used:

DRINKING WATER NOTICE

Monitoring requirements were not met for Willow Park Water Association

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During March 2008, we "did not monitor or test" or "did not complete all monitoring or testing" for total coliform bacteria, and therefore cannot be sure of the quality of your drinking water during that time.

What Should I Do?

- *There is nothing you need to do at this time. You do not need to boil your water or take other corrective action.*
- *This notice is to inform you that Willow Park Water Association did not monitor and report results for the presence of total coliform bacteria in the public drinking water system during the March 2008 time period, as required by the Ohio Environmental Protection Agency.*

What is being done?

Upon being notified of this violation, the water supply was required to have the drinking water analyzed for the above mentioned parameters. The water supplier will take steps to ensure that adequate monitoring will be performed in the future.
