Mr. Joe Laffoon, Administrative Contact
Ohio Fresh Eggs
10513 Croton Road
Johnstown, Ohio 43301

Dear Mr. Laffoon:

The Plant – Distribution Monthly Operation Report (MOR) (EPA Form 5002) for the May 2010 compliance period was electronically submitted to the Ohio EPA on June 18, 2010.

Ohio Administrative Code (OAC) Rule 3745-83-01(1)(2) requires the operation report to be submitted to the district office no later than the tenth of the month following the month for which the report was prepared and also requires the report to be signed by the operator in responsible charge designated in accordance with rule 3745-7-02 of the Administrative Code.

Failure to take action to address this deficiency may result in enforcement action being taken.

The Plant – Distribution Monthly Operation Report (EPA Form 5002) reported free chlorine residual of less than two-tenths milligrams per liter (mg/l) and combined chlorine residual of less than one mg/l in the distribution system on May 1, 2, 3, 4, 5, 6, 14, 15, 16, and 17, 2010. An investigation is recommended with the findings reported to my attention.

Questions may be directed to my attention by contacting me at 419-373-3042 or via e-mail to larry.moritz@epa.state.oh.us.

Sincerely,

Larry Moritz, R.S., M.S.I.H.
Division of Drinking and Ground Waters
