The October 2007, Drinking Water Plant-Distribution Monthly Operation Report (EPA 5002) for reporting period October 2007, has not been received.

Ohio Administrative Code (OAC) Rule 3745-83-01 requires submittal of an operational report no later than the tenth of the month following the month being reported (i.e. October's Plant-Distribution Monthly Operation Report was required to be received by November 10, 2007). If a report is available, it should be immediately forwarded to the Ohio EPA Northwest District Office. In addition, within 21 days, submit a report describing the action taken to prevent a re-occurrence of this deficiency.

Questions may be directed to my attention at 419.373.3042.

Sincerely,

Larry Moritz
Division of Drinking and Ground Waters
