SUBJECT: Notice of Violation - Failure to Sample Drinking Water for Lead and Copper

Lutz Elementary School public water supply system is in violation of Ohio Administrative Code (OAC), Rule 3745-81-86 for failure to comply with triennial lead and copper drinking water tap sampling requirements.

Monitoring Period: June - September 2007
Report Due: October 10, 2007
Report Received: REPORT NOT SUBMITTED

If Lead and Copper Samples were collected during this monitoring period, complete the enclosed forms and mail, along with the laboratory analyses reports, to this office immediately. If the samples were not collected, follow the steps outlined below.

Actions required as a result of the above violation:

1. **Issue public notification:** Within 30 days of the date of this letter, issue a public notification as required by OAC Rule 3745-81-32. An example public notification is enclosed.

2. **Method of notification:**

Public notice issued by posting in conspicuous locations throughout the distribution system (remain posted for a minimum of 30 days). Schools should also send a copy of the notice to the parents of all students.

If the above methods do not reach all persons served, also use any other method reasonably calculated to reach other persons served by the system (e.g. publication in a local newspaper or newsletter, use of e-mail to notify employees or students, or delivery of multiple copies to central locations).

- 3. Verification to Ohio EPA:** Mail this office a copy of your public notice as issued, along with the verification form within 10 days after you notify your water users.

To return to compliance for the June - September 2007 monitoring period, collect samples from five (5) sites during June, July, August, or September 2008.

If you have any questions regarding this matter, please contact me at 419-373-3042.

Yours truly,

Larry Moritz

DRINKING WATER NOTICE

Monitoring requirements not met for Lutz Elementary School

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During June 1 - September 30, 2007 we did not monitor for Lead and Copper and, therefore, cannot be sure of the quality of our drinking water during that time.

What Should I Do?

There is nothing you need to do at this time.

This notice is to inform you that Lutz Elementary School did not monitor and report results for the presence of Lead and Copper in the public drinking water system during the June 1 - September 30, 2007 time period, as required by the Ohio Environmental Protection Agency.

What is being done?

Lutz Elementary School will take steps to ensure that adequate monitoring will be performed in the future.
