Mr. Steven Hepperle
New White Swan Restaurant
5969 Marion Marysville Road
Prospect, Ohio 43342

Dear Mr. Hepperle:

OAC Rule 3745-91-02(A) states, "No person shall begin construction or installation of a public water system, or make a substantial change in a public water system, until plans therefore have been approved by the director of environmental protection. An application for approval of plans for such construction, installation, or substantial change in a public water system, as required by section 6109.07 of the Revised Code, shall be submitted to the district office..."

We understand the well is being used; therefore you are in violation of this rule and must submit plans for approval of the well. We received a partial submittal, however it is missing information. Attached is a checklist for your use in preparing the formal submittal for review. The items checked do not need to be resubmitted. The remainder of the items is required for the plan approval.

If you have any questions regarding this letter, please contact Musa Kahleq at 419 373-3103. If you have other questions regarding your water system, contact Elizabeth Ames at 419-373-3107.

Sincerely,

Paul G. Brock P.E.
