### Notice of Violations – Monthly Report

Dear Ms. Thwaite:

The Plant – Distribution Monthly Operation Report (EPA Form 5002) (MOR) for the January 2011, monitoring period from the Skyway Restaurant, LLC public water system (PWS) was not received by Ohio EPA – Northwest District Office (NWDO).

Ohio Administrative Code (OAC) rule 3745-91-08 (G) (1) states that “no person shall... make any substantial change in a public water system... that is not in accordance with plans approved by the director.”

The Skyway Restaurant, LLC PWS has not been reporting monthly as required by the detail plans approved May 18, 2005 (Application No. 393535 ws) which require the submission of monthly reports according to OAC rule 3745-83-01.

**The PWS must submit every calendar month an MOR to NWDO regarding plant production figures and daily chlorine residual measurements.**

Ohio Administrative Code (OAC) rule 3745-83-01(I) (2) requires operation reports to be submitted to NWDO no later than the tenth of the month following the month or monitoring period for which the report was prepared.

**The PWS must submit an MOR no later than the tenth of the month following the month or monitoring period for which the report was prepared.**

The Division of Drinking and Ground Waters (DDAGW) has started a web-based monthly report reporting site called eDWR. It may be more convenient for you to submit the monthly reports using eDWR.
