Subject: Failure to Sample Drinking Water for Total Coliforms as Required

Quality Inn is in violation of Ohio Administrative Code (OAC), Rule 3745-81-21 for failure to comply with total coliform monitoring requirements.

Monitoring Period: March 2008
Required Coliform Monitoring: Five (5) routine samples in the month following a total coliform positive result
Sample Results Submitted: None

To ensure the safety of drinking water provided by your system monitoring for total coliforms is essential.

ACTION REQUIRED:

- 1. Notify the people served by this water system using one or more of the methods and the timing as required by OAC, Rule 3745-81-32 to reach all persons served. The appropriate methods for your system are listed below under the Transient Non-Community column.

Table with 2 columns: Community, Transient or Non-Transient Non-Community. Rows include Timing and Methods for each category.

Posted notices must remain in place as long as the violation or situation exists, but in no case less than seven days (even if the violation is resolved). The language in italics on the enclosed public notice is mandatory and must be included, as written. Do not make changes to the public notice without consulting with the Ohio EPA beforehand.

2. **Complete the enclosed Verification Form within 10 days of issuing the Public Notice and mail it to Ohio EPA - Northwest District Office. Include a copy of each notice distributed, published or posted.**

If total coliform samples were collected as required, submit the results as soon as possible. The monitoring violation would be rescinded and a reporting violation given for late submittal of the results.

If you have any questions, contact this office at 419-373-3007.

Sincerely,

Robert A. Plotts
