Curt Brown, CFO
Steere Enterprises, Inc
285 Commerce St.
Tallmadge, OH 44278

Dear Mr. Brown:

Thank you for your letter and documentation responding to our March 27, 2008 notice of violation. The information we received on May 1, 2008, included photographs and written work procedures documenting proper management and labeling of used oils, lamps, and batteries. Also, an inspection report from 2006 related to the former hazardous waste accumulation area was received. Our review of this information reveals that Steere Enterprises has returned to compliance with all of the rules previously cited.

Concerning your closure of the former hazardous waste generator storage area in the southeastern portion of plant #2, our visual inspection of this area found it clean and free of cracks. Based upon your review of your inspection records for this area, you have asserted that Steere Enterprises met the closure performance standards as specified in OAC 3745-66-11(A) and (B).

No further response or information is needed at this time. If you have any questions concerning this letter, please call me at (330) 963-1226.

Sincerely,

Sheryl K. Slone, P.E.
Environmental Engineer
Division of Hazardous Waste Management
