Mr. Andrew Hupp
Environmental, Health and Safety Engineer
Sika Corp.
1682 Marion Williamsport Road
Marion, OH 43302

Dear Mr. Hupp:

On September 24, 2009, Ohio EPA conducted an inspection of the Sika Cleveland's (Sika) facility located at 4500 Willow Parkway, Cleveland, Ohio to determine Sika's compliance with Ohio's Cessation of Regulated Operations (CRO) laws and rules as found under Chapter 3752 of the Ohio Revised Code (ORC) and Chapter 3745-352 of the Ohio Administrative Code (OAC). You and Don Batke represented Sika. Frank Popotnik and I represented Ohio EPA.

We did note one violation of Ohio's CRO laws.

1. **Submission of most recent emergency and chemical inventory form, ORC § 3752.06(A)(1) and OAC 3745-352-20(A)(2)(a):** The owner/operator must submit to the director a copy of the most recent chemical inventory report required by section 3750.08 of the Revised Code. With the chemical inventory report, the owner/operator must include a statement indicating whether any asbestos containing materials are present at the facility.

The submission did not include a statement regarding asbestos.

Based on an e-mail I received from you on September 23, 2009, Sika does not own the building and that Sika does not know if there are any asbestos materials remaining in the building. During the inspection, you did add that the property has been leased to a new tenant by the owner and will not be standing vacant.

Based on this information, this violation is considered abated and no further action is required.

Therefore, Sika has satisfactorily completed the CRO regulatory process for its Cleveland, Ohio facility. As a notifier of regulated waste activity, we will deactivate your EPA Identification (ID) number.

Please note, the facility notified as a large quantity generator in 1992. Based on the information provided during the inspection and a visual inspection of the area, it appears that the generator closure requirements found in OAC rule 3745-66-11 for the facility have been met. All of the required generator closures are now complete and no further action is required.

I have enclosed a copy of the checklists completed during the inspection. Should you have any questions, please feel free to call me at (330) 963-1159.

Sincerely,
