Re: Permit Evaluation Report (PER) Not Submitted by Due Date – May, 15, 2011
Stark County
Harsco Metals – AKA Multiserv – Plant 22
Facility ID #: 1576000015
Permit-To-Install and Operate Number: P0104668

Dear Pat Glenn Hundertmark:

The Ohio Environmental Protection Agency (Ohio EPA) issued one or more permit(s)-to-install and operate (PTIO) for the facility identified above. Standard terms and conditions in a PTIO require an annual Permit Evaluation Report (PER) for each emissions unit contained in the permit. The PER(s) which was due for the reporting period 04/01/2010 through 03/31/2011 was not submitted by the due date, May 15, 2011.

The PER must be completed using the hard copy forms provided to you with the PER reminder letter, or electronically via the eBusiness Center - Air Services at ebiz.epa.ohio.gov. Each submission of an incomplete, inaccurate or late report is in violation of the terms and conditions of the applicable PTIO. Violations of the terms and conditions of a PTIO permit are violations of Ohio Revised Code (ORC) Section 3704.05.

Even though the emission units permitted by P0104668 have been moved to a new location, and are no longer located at the previous Multiserv – Plant 22, you are still required to comply with all the terms and conditions contained within the permit.

Please ensure that the next report is submitted on time, is complete, and accurate. If you have any questions concerning this letter, please contact me at tdzienis@cantonhealth.org or 330-489-3385.

Sincerely,

Terri Dzienis
