Dispensing Facility

Dear Business Operator:

This is to notify you that your facility is operating without an air pollution permit in violation of Ohio Administrative Code 3745-31-02(A).

I am enclosing the documents necessary to allow you to correct this oversight by enabling you to operate your facility under a Permit-By-Rule (PBR) permit exemption. If you qualify, and apply, for a PBR then your air pollution source will be exempt from the air permit application process and the associated Permit to Operate fees. Additionally, if all air pollution sources at the facility are exempt, you may not be required to pay annual emission fees.

Please complete the enclosed Permit-By-Rule exemption notification or choose to apply for a Permit to Operate (PTO). Return the completed documents, immediately, to:

Canton City Health Department
Air Pollution Control Division

420 Market Ave North
Canton, OH 44702-1544

Failure to return the PBR notification form or PTO application **by 4:30 P.M. on October 24, 2011** will cause this agency to begin the steps necessary to pursue enforcement action.

Regards,

Rob Knight
