**Re: Expired Permit to Operate (PTO) at Premium Petroleum Inc.
Facility ID 15 76 05 1221
Stark County**

Mr. Singh:

This is to notify you that your facility is operating without a current PTO.

I am enclosing the documents necessary to correct this oversight by enabling you to apply to operate your facility under a Permit-By-Rule (PBR) permit exemption. If you choose the PBR option then your air pollution source may be exempt from the air permit application process and the associated Permit to Operate fees. Additionally, if all air pollution sources at the facility are exempt, you may not be required to pay annual emission fees.

Please choose to apply for a Permit to Operate renewal or Permit-By-Rule exemption. Return the completed documents, immediately, to:
