Re: INVESTIGATION OF ILLEGAL OPEN BURNING

Dear Thomas and Michelle Dickerson:

The Canton City Health Department, Air Pollution Control Division (APCD) represents the Ohio EPA in air quality matters within Stark County. As such, APCD employees are charged with the responsibility to investigate and enforce Ohio EPA (OEPA) air pollution regulations.

On Wednesday, April 21, 2010, I drove by your property, Parcel No. 5201801, which is the lot adjacent to your home at 1194 Applegrove St NE in Plain Township, Stark County, Ohio and observed open burning that may have been in violation of Ohio EPA regulations. I made two observations, first at 5:30 PM and again at 9:30 PM. The fire was approximately 4.0 ft in diameter and the flame height was approximately 3.0 ft. A moderate amount of white smoke was being created. The material being burned appeared to be wood/brush. At the time of both of my observations, the fire appeared to be unattended. I did not see any evidence that it was a recreational fire.

Specifically, the fire may have been in violation of Ohio Administrative Code 3745-19-03(A). It did not appear to qualify for any exemptions described in paragraph (B)(2) of the same rule, specifically: it did not appear to be a recreational fire, it did appear to be used for waste disposal, and the total fuel area appeared to exceed 3 ft in diameter. A copy of OAC rule 3745-19-03 is attached. Please ensure that no violations occur on your property.

Sincerely,

A handwritten signature in cursive script that reads "Carl Safreed".

Air Pollution Control Engineer
