Re: Open burning in violation of OAC 3745-19-04

Dear Mr. Black:

The Canton City Health Department, Air Pollution Control Division has Ohio EPA enforcement authority in matters of air pollution within Stark County. The Ohio EPA regulations covering open burning is Ohio Administrative Code 3745-19.

On June 18, I visited several properties in Justus and observed the remnants of a fire conducted by someone on what I believe to be your property at 7571 Justus Ave SW. The ash showed evidence of the fire having been used for waste disposal purposes. Such fires are in violation of Ohio Revised Code 3745-19-04 (B)(3)(c) because the fire was not at least one thousand feet from any neighboring house. I enclose a copy of the relevant ORC.

I am requesting your vigilance to as to prevent a recurrence of this problem.

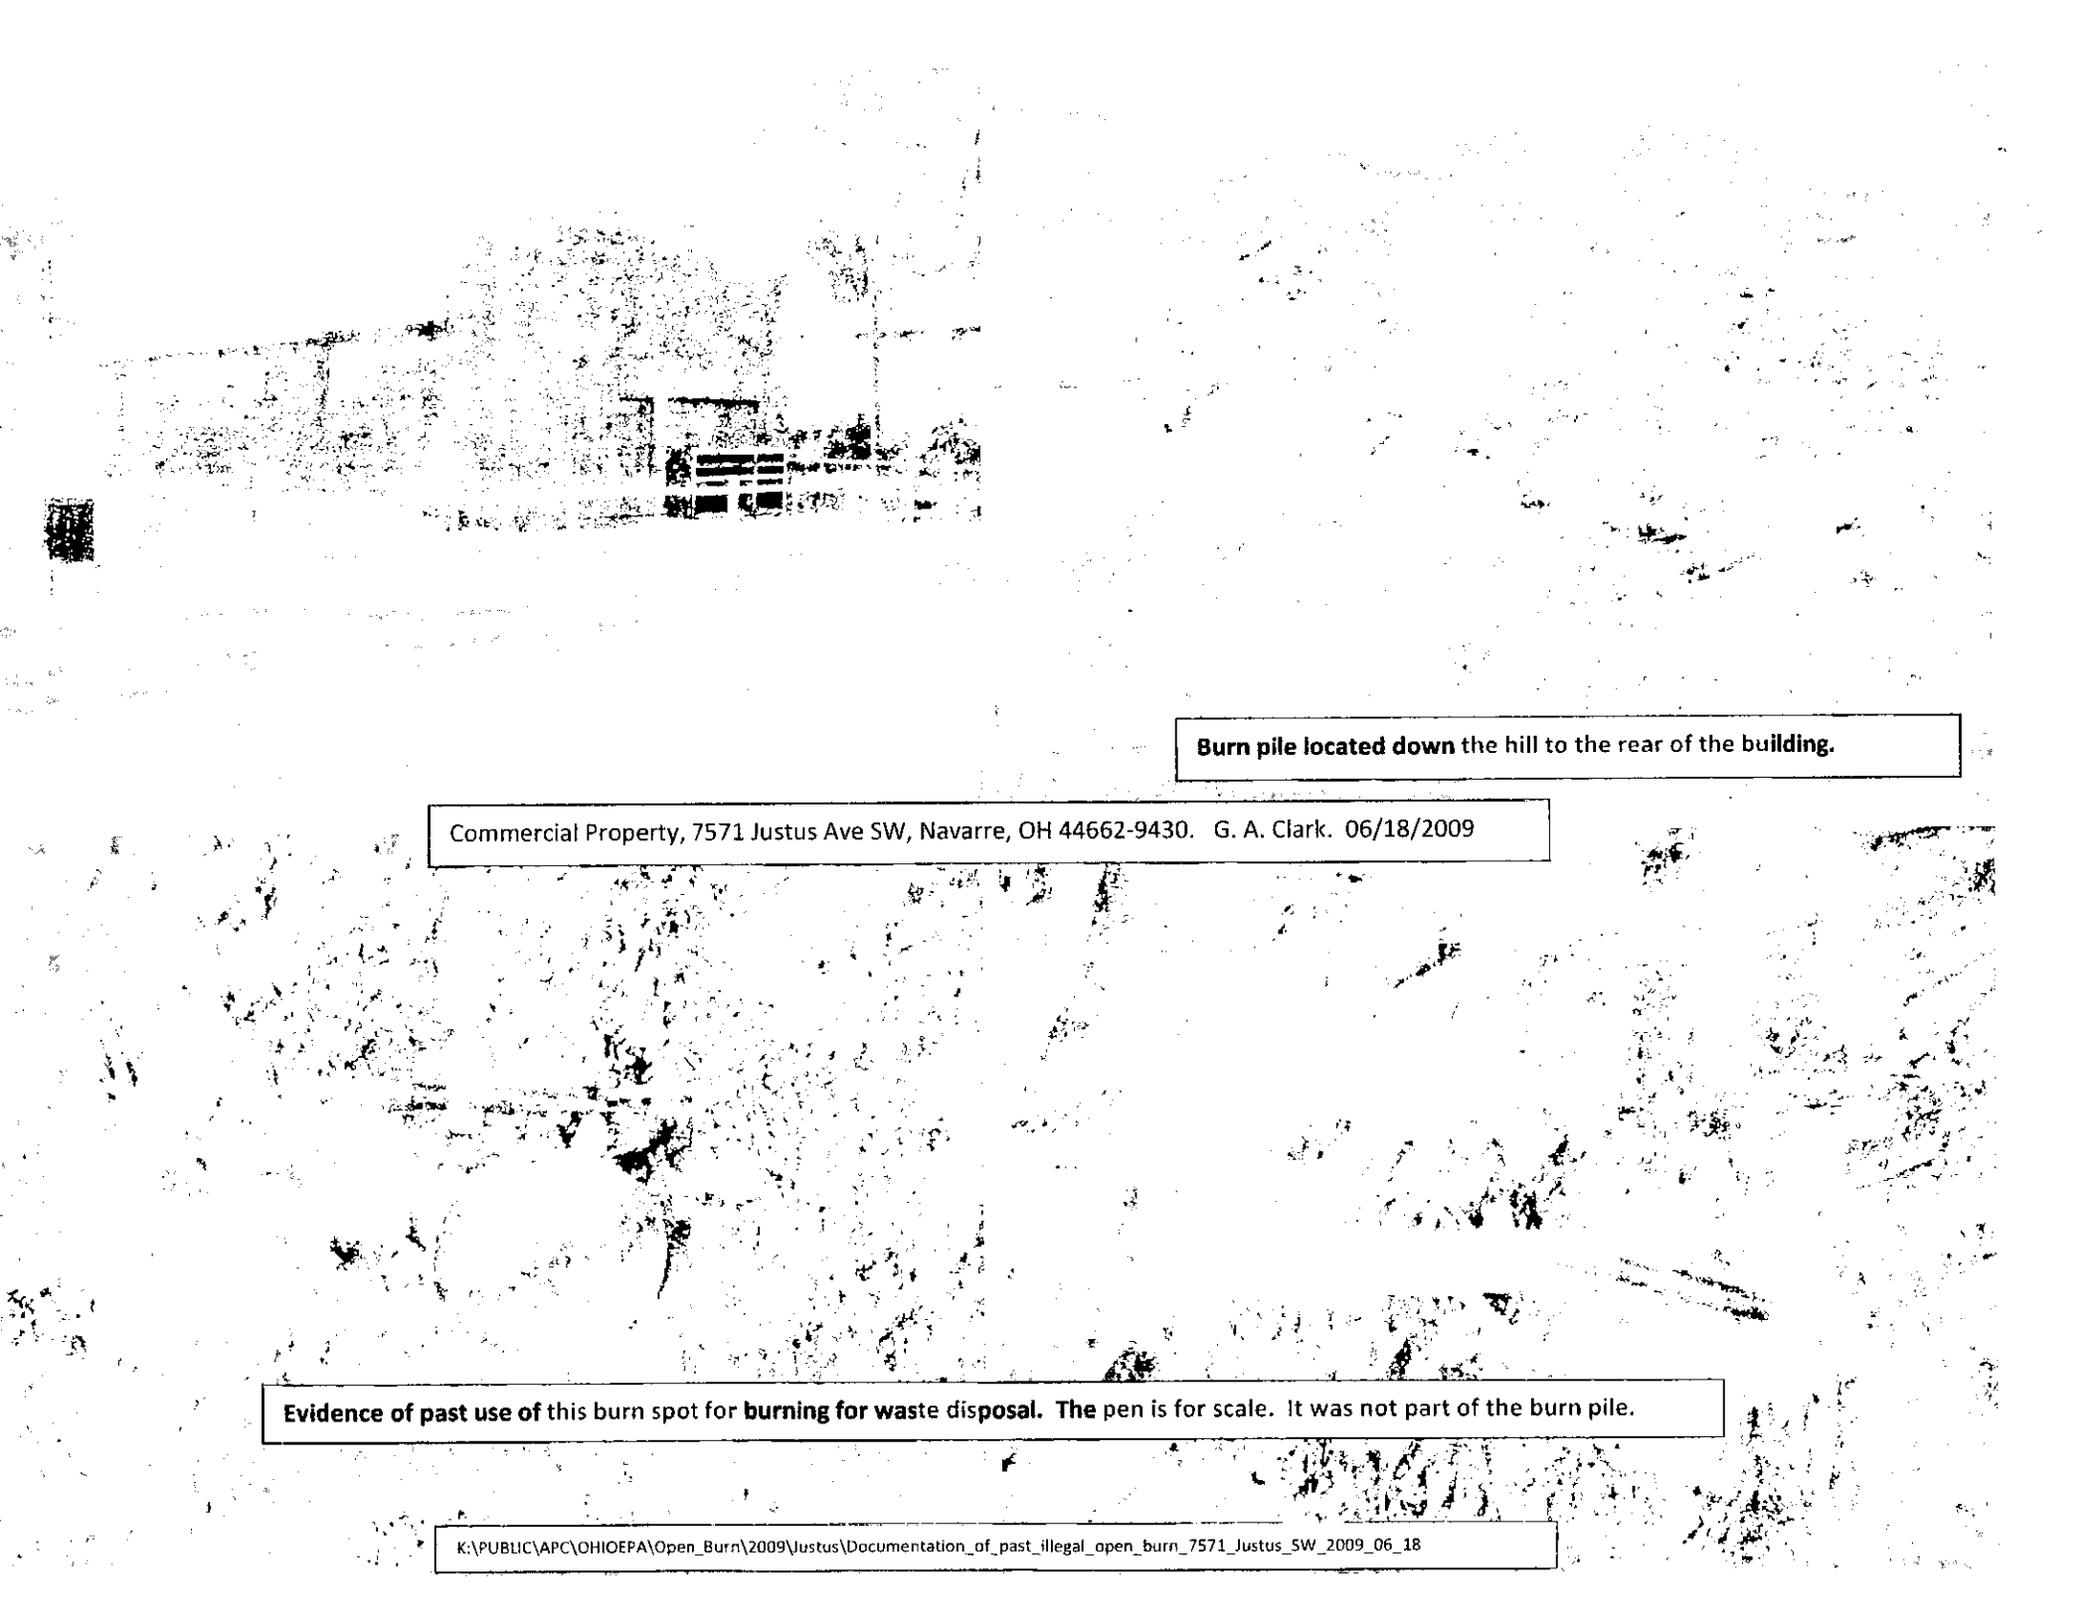

Gregory A. Clark, CHMM, CAHES
Air Pollution Control Engineer

Enclosure: OAC 3745-19-04

Photos taken at 7571 Justice Ave SW in Justus

Open Burning Residential, Bethlehem Township
Correspondence

An aerial photograph showing a commercial property with a building on the left and a hillside on the right. A burn pile is located down the hill to the rear of the building. A pen is visible in the foreground, used for scale.

Burn pile located down the hill to the rear of the building.

Commercial Property, 7571 Justus Ave SW, Navarre, OH 44662-9430. G. A. Clark. 06/18/2009

Evidence of past use of this burn spot for burning for waste disposal. The pen is for scale. It was not part of the burn pile.

3745-19-04 Open burning in unrestricted areas.

[Comment: For dates of non-regulatory government publications, publications of recognized organizations and associations, federal rules, and federal statutory provisions referenced in this rule, see the last paragraph of rule 3745-19-01 of the Administrative Code titled "Incorporation by reference."]

(A) No person or property owner shall cause or allow open burning in an unrestricted area except as provided in paragraphs (B) to (C) of this rule or in section 3704.11 of the Revised Code.

(B) Open burning shall be allowed for the following purposes without notification to or permission from the Ohio EPA:

(1) Heating tar, welding, acetylene torches, highway safety flares, heating for warmth of outdoor workers and strikers, smudge pots and similar occupational needs.

(2) Bonfires, campfires and outdoor fireplace equipment, whether for cooking food for human consumption, pleasure, religious, ceremonial, warmth, recreational, or similar purposes, if the following conditions are met:

(a) They are fueled with clean seasoned firewood, natural gas or equivalent, or any clean burning fuel with emissions that are equivalent to or lower than those created from the burning of seasoned firewood;

(b) They are not used for waste disposal purposes; and

(c) They shall have a total fuel area of three feet or less in diameter and two feet or less in height except when such fire is used for ceremonial purposes it may have a total fuel area no greater than five feet in diameter and five feet in height if the ceremonial fire burns no longer than three hours.

(3) Disposal of residential waste or agricultural waste generated on the premises if the following conditions are observed:

(a) The fire is set only when atmospheric conditions will readily dissipate contaminants;

(b) The fire does not create a visibility hazard on the roadways, railroad tracks, or air fields;

(c) The fire is located at a point on the premises no less than one thousand feet from any inhabited building not located on said premises;

(d) The wastes are stacked and dried to provide the best practicable condition for efficient burning; and

(e) No materials are burned which contain rubber, grease, asphalt or liquid petroleum products.

(4) Disposal of hazardous explosive materials, military munitions or explosive devices that require immediate action to prevent endangerment of human health, public safety, property or the environment and that are excluded from the requirement to obtain a hazardous waste permit pursuant to paragraph (D)(1)(d) of rule 3745-50-45 of the Administrative Code.

(5) Recognized training in the use of fire extinguishers for commercial or industrial fire prevention.

Fires allowed by paragraphs (B)(1), (B)(2), (B)(3) and (B)(5) of this rule shall not be used for waste disposal purposes, and shall be of the minimum size sufficient for their intended purpose; the fuel shall be chosen to minimize the generation and emission of air contaminants.

(C) Open burning shall be allowed for the following purposes upon receipt of written permission from the Ohio EPA, in accordance with paragraph (A) of rule 3745-19-05 of the Administrative Code, provided that any conditions specified in the permission are followed:

(1) Disposal of ignitable or explosive materials where the Ohio EPA determines that there is no practical alternate method of disposal, excluding those materials identified in paragraph (B)(4) of this rule;

(2) Instruction in methods of fire fighting or for research in the control of fire as recognized by the State fire marshal division of the Ohio department of commerce and the guidelines set forth in the National Fire Protection Association's (NFPA) publication 1403: "Standard on Live Fire Training Evolutions, Chapter 4, Acquired Structures", provided that the application required in paragraph (A)(1) of rule 3745-19-05 is submitted by the commercial or public entity responsible for the instruction;

(3) In emergency or other extraordinary circumstances for any purpose determined to be necessary by the director and performed as identified in the appendix of rule 3745-19-03 of the Administrative Code. If deemed necessary, the open burning may be authorized with prior oral approval by the director followed by the issuance of a written permission to open burn within seven working days of the oral approval;

Prior Effective Dates: 6/21/76, 10/30/87, 12/20/98, 11/27/00

(4) Disposal of land clearing waste generated on the premises if the following conditions are observed:

(a) The fire is set only when atmospheric conditions will readily dissipate contaminants;

(b) The fire does not create a visibility hazard on roadways, railroad tracks, or air fields;

(c) The fire is located at a point on the premises no less than one thousand feet from any inhabited building not located on said premises; and

(d) An air curtain destructor or other device or method determined by the director to be at least as effective is used to curtail release of air contaminants;

(5) Recognized horticultural, silvicultural, range, or wildlife management practices; and

(6) Fires and/or pyrotechnic effects, for purposes other than waste disposal, set as part of commercial film-making or video production activities for motion pictures and television.

(D) Open burning shall be allowed for the prevention or control of disease or pests with written or verbal verification to the Ohio EPA from the local health department, cooperative extension service, Ohio department of agriculture, or U.S. department of agriculture, that open burning is the only appropriate disposal method.
