RE: ASHTABULA COUNTY
NORTH KINGSVILLE
SHELDON CALVARY CAMP
NPDES PERMIT NO. OH0128741
OHIO EPA PERMIT NO. 3PR00236

Harry E. Sheldon Calvary Camp, Inc.
315 Shady Avenue
Pittsburgh, PA 15206

Dear Ladies/Gentlemen:

An inspection was conducted by the undersigned of the sanitary wastewater treatment plant serving the Sheldon Calvary Camp on November 13, 2007. The purpose of the inspection was to evaluate the facility's compliance status with respect to the terms and conditions of the above-referenced National Pollutant Discharge Elimination System (NPDES) permit.

At the time of the inspection, the facility had been shut down for the winter months to come so a complete evaluation of the operation of the plant was not performed. However, the monthly operating reports were reviewed for compliance with the NPDES permit from the period of March 1, 2006, through November 1, 2007, which noted the following permit frequency violations:

Reporting Period	Violation Date	Station	Parameter	Sample Frequency	Expected	Reported
August 2006	8/31/2006	001	Color, Severity	1/Day	1	0
September 2007	9/22/2007	001	Water Temperature	1/Week	1	0
September 2007	9/22/2007	001	Dissolved Oxygen	1/Week	1	0

Based on the facility's overall compliance record, the facility is determined to be in substantial compliance. Should you have any questions or comments regarding this letter, please contact me at (330) 963-1180.

Respectfully,

Virginia Wilson, P.E.
Geological Engineer
Division of Surface Water
