Dear Mr. Rickard:

During a review of Ohio EPA's electronic discharge monitoring report (eDMR) information for the above referenced facility located at 3033 State Route 534, Trumbull Township, Ashtabula County, Ohio EPA notes that electronic discharge monitoring reports (eDMRs) have not been submitted for the months of February through October 2010.

Please note that if no flow was generated for a specific month in question, the reports must still be filed with the box checked indicating no flow for the month. If data has been collected but not placed into the eDMR system, reports may still be filed or amended through your normal eDMR reporting procedures. If data has not been collected, please provide an explanation as to why this data was not collected and reported as prescribed by your NPDES permit.

Please inform this office, in writing, within 30 days of the date of this letter as to the actions that have been or will be taken to correct the above noncompliance or explanations if you believe the noncompliance issues noted are in error. Your response to this letter should include the dates that the actions have been or will be completed.
