**Re: Construction Storm Water Inspection at Ohio State School for the Blind
Franklin County
Permit Number: 4GC03227*AG**

Dear Mr. Schaller:

This letter is written regarding a storm water inspection conducted by Megan Reising and Stephen Riley of the Ohio EPA at Ohio State School for the Blind located at 500 Morse Road in Columbus, Ohio on August 19, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment Erosion Controls:

- The sediment and erosion controls at this site are currently functioning properly. Please continue to monitor and ensure continued compliance with the General Storm Water Permit Associated with Construction Activities.

Post Construction Requirements:

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction requirements is found at: <http://www.epa.state.oh.us/dsw/storm/CGPPCQA.aspx>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed.
