Re: Hendron Road Outpost / Franklin County

Dear Mr. Waite:

This letter is written regarding the storm water inspection that I conducted at Hendron Road Outpost, located at 4801 Hendron Road in Franklin County, on June 2, 2010. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. It appeared during the inspection that construction activity has been completed for this site and all disturbed areas had been permanently stabilized. Please address the following if you have not already done so:

Post Construction Requirements:

The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at: <http://www.epa.state.oh.us/dsw/storm/CGP-PC-Q&A.html>. Please submit to my attention (email preferred at greg.sanders@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.

If you have any question(s) regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders
