Dear Mr. Engle:

Thank you for your August 8, 2012, response to Ohio EPA's July 3, 2012, Notice of Violation letter. You submitted documentation including: tire disposal receipt, used oil collection receipt, and landfill disposal receipts. On October 4, 2012 I went to your Albany facility to observe the current conditions. My site visit confirmed that all used oil containers were labeled and in good condition, used oil spills had been cleaned up, all drums of gasoline had been disposed with Crystal Clean when they collected the used oil on June 6, 2012, one diesel fuel tank had been removed from the property, and it was reported that a new nozzle with a working shutoff had been installed on the remaining diesel fuel tank.

My review of documentation you submitted and my October 4, 2012 observations reveal that Diamond Stone has adequately demonstrated abatement of all violations discovered during the June 1, 2012, inspection.

If you should have any questions, please feel free to call me at (740) 380-5248.

Sincerely,

Elizabeth A. Herron
