Reference: No Operator of Record

Dear Water System Owner:

According to Ohio Administrative Code (OAC) 3745-7-03, the classification of the Ginghamsburg UMC-North water system located in Miami County, Ohio is a "Class 1" facility. In accordance with OAC Rule 32745-7-02 (A)(1), the owner or operator of a public water system shall designate an operator of record with a certification of a class equal to or greater than the classification of the public water system, distribution system or water treatment plant. The water system does not currently have an operator of record holding the correct level of certification and is therefore in violation. In order to address this violation:

- a. Obtain an operator of record to be the on-site certified operator who performs the technical operation of the public water system or each water treatment plant and distribution system within the public water system. Based on the classification listed above, the operator of record must be physically present at the public water system 3 days per week for a minimum of 1.5 hour per week; and
- b. Complete the enclosed Operator of Record Notification Form. Mail or fax the form to the address listed at the top of the form.
- c. In the event you need assistance in finding an appropriately certified operator you may use Ohio EPA's Contract Operator's List at the following link to assist you:
