Re: Richland County
Richland County
Board of Commissioners
NPDES Permits

June 26, 2007

Mr. Richard Freeman
1740 Fleming Falls Road
Mansfield, Ohio 44903

Dear Mr. Freeman:

On June 12, 2007, an inspection was conducted at the wastewater treatment plant serving the Imperial Estates Subdivision located at 2598 Bryonaire Drive, Mansfield, Richland County.

At the time of the inspection the treatment plant was no longer in service and all flow was being pumped to the Eastview WWTP for treatment. The old treatment plant had been removed and no flow was being discharged from the settling lagoon. Construction on the new pump station is complete with only a few minor grading activities to be completed.

On June 19, 2007, we received a fax from you stating that the treatment plant had been effectively abandoned. Our office will begin the process of terminating the NPDES permit coverage for this facility. You indicated via telephone that the former polishing pond will be used as a stormwater retention pond in the future. Please contact Mr. Andrew Gall of our office regarding the cleaning of the pond and all necessary testing and disposal of the material.

If you have any questions, please give me a call at 419-373-3070.

Sincerely,

Walter Ariss
Environmental Specialist II
Division of Surface Water
