Dear Mr. Hamilton:

On April 3, 2007, I conducted a compliance evaluation inspection of Advance Machining & Gear (Advance) in Grove City, Ohio to determine Advance's compliance with Ohio's hazardous waste and used oil laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). This letter will explain the violation I found, other general concerns I have and what you need to do to respond to my general concerns.

I found the following violation of Ohio's hazardous waste laws.

- OAC 3745-279-22(C), Used Oil Generator Standards**  
Containers and aboveground tanks used to store used oil at generator facilities shall be labeled or marked clearly with the words "Used Oil."

Advance Machining & Gear had labeled the used oil tote with the words "waste oil." On April 5, 2007, Advance emailed a photo of the properly labeled used oil tote. The violation was abated at that time.

Enclosed you will find a completed checklist. I have also enclosed some information on fluorescent bulbs along with a list of fluorescent bulb recyclers. Thank you for your time during this inspection. Please feel free to call me at (614) 728-3882 if you have any questions or need additional assistance.
