Re: Notice of Violation of Operation and Maintenance Agreement and Risk Mitigation Plan, Manfredi Motor Transit, Co., Newbury, Ohio (Project ID #228-000481-005, 09NFA350)

Dear Mr. Miraglia and Mr. Kadlec:

The Manfredi Motor Transit Co. Property, located at 11250 Kinsman Road, Newbury, Ohio, received a Covenant Not to Sue from Ohio EPA on June 3, 2011. This Covenant contains a Risk Mitigation Plan (RMP) and Operation and Maintenance Agreement (OMA) entered into by the Manfredi Motor Transit, Co. and the Ohio EPA. Manfredi Motor Transit, Co. has failed to submit the annual O&M report and RMP report required under the agreement. This failure is a violation of the OMA, and in accordance with Section 8 of that OMA, a failure to comply with the OMA may constitute a failure to maintain an applicable standard in accordance with Ohio Revised Code (ORC) Section 3746-12(B).

The Covenant requires that certain risk mitigation measures be taken to minimize contact with soil, sediment, or ground water that may exceed the cleanup standards for the property. These risk mitigation measures are contained in the RMP.

Examples of actions that may cause an RMP to be implemented:

- Excavations of greater than 2 feet in depth
- Landscaping activities
- Installation of, or repair of utility lines
- Road repair and/or construction

Both the annual Operation and Maintenance report and the RMP report were due by September 1, 2012. In order that Manfredi Motor Transit, Co. may return to compliance as quickly as possible, you must submit the annual O&M report and RMP report to Ohio EPA within 30 days of receipt of this letter. This information is needed so that Ohio EPA

can ensure that the cleanup standards continue to be met at the property. If applicable standards are not maintained, the Covenant Not to Sue could be revoked.

If the RMP was implemented during the past calendar year, please provide a written report to Ohio EPA as required by the RMP. If the RMP was not implemented during the past year, please return the enclosed form indicating that no activities were conducted that caused you to implement the RMP. Please also take the time to update your contact information.

Additionally, please submit all annual reports to Ohio EPA as both the original paper report along with an electronic disk copy of the report in pdf format.

Please be aware that the time Ohio EPA staff have spent on addressing this violation of your OMA and RMP, and any time that may be spent in the future by Ohio EPA, will be billed to your Voluntary Action Program account.

If you have any questions concerning this matter, please contact me at (614) 728-5441, or via email at Emily.Patchen@epa.state.oh.us.

Sincerely,

Emily Patchen
