Re: Notice of Violation  
Van Wert County  
Hickory Sticks Golf Club  
Ohio EPA Permit No. 2PR00270  
NPDES Permit No. OH0142034

March 9, 2010

Mr. Mark White, President  
Hickory Sticks Golf Club  
12083 U.S. 127 South  
Van Wert, Ohio 45891

Dear Mr. White:

This letter serves as notice of violation for failure to submit your Discharge Monitoring Reports (DMR) for November and December 2009. All DMR data must be submitted to Ohio EPA by the 15<sup>th</sup> day of the following month for paper copy submission or by the 20<sup>th</sup> day of the following month for electronic submission. Submit the missing reports within 10 days of the date of this letter. Even if no discharge occurs, a report must be submitted.

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in your Part III-General conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs.
