Dale,

I received the City's response letter to my letter dated February 15, 2011. I only have three comments:

1. MOU with Lorain County PIPE - Please send me a copy of the executed MOU when it is completed.
2. Contract Language - I did not forget about the City's request for Ohio EPA to review proposed language for inclusion in contracts when a third party is hired to conduct a municipal operation on your behalf. I forwarded my comments around to other Ohio EPA staff to see if they had anything to add. I never heard back from anyone. So, I've attached my comments to his e-mail with suggestions on how this language can be improved.
3. Open Dumping at Elmwood Cemetery - The response did not state an estimate of the total amount of street sweepings, road kill and miscellaneous solid waste that must be removed from the site. Rather, it only indicated that there will be a bid to remove 1,000 cubic yards of material from the site. No indication was provided if this encompasses the total amount that must be removed. Please clarify. Further, continue to send me monthly updates, as requested in my letter dated February 15, 2011. Thus, I expect an update on corrective actions taken during March to be submitted to me by April 15, 2011.

I don't have Robert Gilchrist's e-mail address, so please forward this e-mail on to him as well. If there are any questions, please call me at (330) 963-1145.

Sincerely,

Dale,

My previous e-mail to you regarding the contract language referenced the City's letter dated February 15, 2011. This was in error. I intended to reference the City's letter dated March 17, 2011. Sorry if this has caused any confusion.

Sincerely,
