Montpelier WTP
NPDES Permit

May 29, 2009

Mayor and Council
Village of Montpelier
P. O. Box 148
Montpelier, Ohio 43543

Dear Mayor and Council:

This will acknowledge our May 21, 2009, compliance inspection at the Montpelier Water Treatment Plant (WTP). This facility is located at 333 Porter Road in Montpelier, Ohio. This inspection was conducted as part of the facility's National Pollutant Discharge Elimination System (NPDES) permit No. 2IW00039 (OH0138177). This inspection included a brief tour of the wastewater generating processes in the WTP. Wastewater is generated primarily from the lime-soda softening process.

At the time of the inspection, Outfall 001 from the two waste lime lagoons was not discharging into the St. Joseph River. Your facility's NPDES permit became effective on June 1, 2006 and will expire on May 31, 2011. Our review of your discharge monitoring reports (1/2008 to 5/2009) indicated no effluent and no frequency violations.

A completed inspection report is included for your review. If you have any questions or comments, please call Mr. Jason Ko at 419-373-3021.

Yours truly,

Elizabeth A. Wick, P.E.
Division of Surface Water
