Dear Ms. Myers:

A review of the self-monitoring reports for the referenced facility covering the months of November, 2009 through May, 2010 indicates violations of the conditions of your National Pollutant Discharge Elimination System (NPDES) permit.

Ohio EPA has not received Discharge Monitoring Reports (DMR) for the eight months listed above. Submission of the DMR data is a requirement of your NPDES permit. You have been notified of this requirement to submit DMRs for the past six months. Failure to supply these DMRs by **July 29, 2010** will result in the recommendation of enforcement, pursuant to Ohio Revised Code, Chapter 6111, in order to achieve compliance with your NPDES permit.

If you have any questions, you may contact this office.

Cordially,

Patricia A. Tebbe, P.E.  
Division of Surface Water
