Re: Notice of Violation
Wood County
Sunoco Pipeline LP
Ohio EPA Permit No. 2II00003
NPDES Permit No. OH00078841

February 2, 2009

Mr. Ron O'Toole
1735 Market St
Philadelphia, PA 19103

Dear Mr. O'Toole:

A review of your discharge monitoring reports for the referenced facility covering the months of August 2008 through December 2008 indicates violations of the conditions of your National Pollutant Discharge Elimination System (NPDES) permit. The specific instances of noncompliance are as follows:

<u>OUTFALL</u>	<u>DATE</u>	<u>PARAMETER</u>	<u>REPORTED</u>	<u>LIMITATION</u>
December 2008				
001	Month	Phosphorus, TOC, BOD, COD	None	1/Month
001	Quarter	Xylene, Benzene, Ethylbenzene, Phenol Naphthalene, Toluene	None	1/Quarter
December 2008				
003	Month	Phosphorus, TOC, BOD, COD	None	1/Month
003	Quarter	Xylene, Benzene, Ethylbenzene, Phenol Naphthalene, Toluene	None	1/Quarter

Please be advised that failure to comply with the effluent limitations and/or monitoring requirements, including adequate laboratory controls, appropriate quality assurance procedures, and records retention, as specified in Part III - General Conditions of your NPDES permit may be cause for enforcement action pursuant to Ohio Revised Code, Chapter 6111. If these violations

continue to occur and if satisfactory progress is not made, it may be necessary to initiate enforcement action to achieve compliance.

The Ohio EPA strongly encourages pollution prevention as the preferred approach for waste management. The first priority of pollution prevention is to eliminate the generation of wastes and pollutants at the source (source reduction). For those wastes or pollutants that are generated, the second priority is to recycle or reuse them in an environmentally sound manner. You can benefit economically, help preserve the environment, and improve your public image by implementing pollution prevention programs. Information about Ohio EPA's Office of Compliance Assistance & Pollution Prevention can be found on Ohio EPA's Website at <http://www.epa.state.oh.us/ocapp/ocapp.html>.

Please inform this office in writing, within 10 days of receipt of this letter, as to the description of the actions taken or proposed to prevent further violations of this nature. Your response should include the dates, either actual or proposed, for completion of the actions.

If you have any questions, please feel free to contact this office.

Sincerely,

Patricia A. Tebbe, P.E.
Division of Surface Water
