Dear Mr. Etgen:

The Division of Drinking and Ground Waters (DDAGW) Plant – Distribution Monthly Operating Report (MOR) for the month of August 2012, was received by the Ohio EPA-Northwest District Office (NWDO) as required on September 5, 2012.

However, the Public Water System serving Mendon Village is in violation of the Ohio Administrative Code (OAC) for failure to maintain hardness within an acceptable range at the water treatment plant tap. In violation of OAC Chapter 3745-91, the public water system failed to maintain hardness within an acceptable range, as set by plan approval, for one occurrence.

If you have any questions regarding this letter, or any other matter involving your PWS, then contact me directly by telephone at (419) 373-3088 or via electronic messaging at jack.schwartz@epa.state.oh.us.

Sincerely,

John A. (Jack) Schwartz
