RE: PORTAGE COUNTY  
SUFFIELD TOWNSHIP  
2618 SR 43  
NPDES #3PR00161

Twisted Spoke Grille  
2618 SR 43  
Mogadore, OH 44260

To Whom It May Concern:

This letter will document a February 11, 2009 compliance inspection at the above facility. At the time of my inspection the WWTP serving the facility was not operating. It is my understanding that the former operators of the Twisted Spoke Grille were no longer present and that the bar had been closed for at least the past 8 months.

The last monthly operating report for the site was received in December 2007 covering the month of November 2007. Data indicates that flow from the facility began to decrease in July of 2007 (see graph below).

A review of monthly operating report data was conducted for the time period January 2006 through November 2007. No effluent limit violations were indicated.

Page 2

The current permit serving the facility will expire on March 31, 2011. A previous permit modification changed the site name to the Twisted Spoke Grill and transferred the permit to Jeff & Christina's Twisted Spoke Grille II, LLC.

Please be advised that the permit requires submission of monthly operating reports, even when no discharge occurs. Failure to submit reports for the time period December 2008 through January 2009 is a violation of the NPDES permit.

Should you decide to reopen the facility please contact me at least one month prior to this so that proper preparation of the WWTP can take place. I would also recommend contacting an Ohio licensed WWTP operator to inspect the plant. Although it appeared to be capable of operating, based on my observations, a more detailed review is needed.

Should you have further questions please call me at (330) 963-1134.

Sincerely,

William J. Zawiski  
Environmental Scientist  
Division of Surface Water
