

**BEFORE THE OHIO
ENVIRONMENTAL PROTECTION AGENCY**

OHIO E.P.A.

JAN 14 2010

ENTERED DIRECTOR'S JOURNAL

In the Matter of:

Sugar Creek Packing Co.
1241 N. Gettysburg Avenue
Dayton, Ohio 45427

Director's Final Findings
and Orders

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Sugar Creek Packing Co. ("Respondent"), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3753.08 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or of the facility owned by the Respondent shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3753 and the rules promulgated thereunder.

IV. FINDINGS

The Director of the Ohio EPA makes the following findings:

1. Respondent owns and operates a bacon processing facility located at 1241 North Gettysburg Avenue in Dayton, Ohio. Anhydrous ammonia is used in the refrigeration process. There are two ammonia refrigeration processes located in different buildings. Plant 1 has 7,847 pounds and Plant 2 has 18,156 pounds. The quantity of anhydrous ammonia at the facility is approximately 26,000 pounds. Plant 2 was not operating until 2002. A specific date for startup of the process was unavailable from Respondent.
2. Anhydrous ammonia is a regulated substance listed in Ohio Administrative Code ("OAC") Rule 3745-104-04. An owner or operator of a stationary source that has

more than a threshold quantity of a regulated substance in a process, as determined by OAC Rule 3745-104-02, shall comply with the requirements of OAC Rules 3745-104-06 through 49, where applicable, by submitting a Risk Management Plan ("RMP") and implementing a prevention program no later than June 21, 1999 or no later than when the threshold limit is exceeded in a process. On January 3, 2000, Ohio EPA, DAPC received delegation for the RMP program from U.S. EPA.

3. Anhydrous ammonia has a threshold of 10,000 pounds. Respondent stores anhydrous ammonia in an amount that exceeds the threshold established in OAC Rule 3745-104-04, and, as a result, Respondent is subject to the RMP requirements detailed in OAC Rule 3745-104-06.
4. On March 26, 2008, an RMP audit was conducted at the facility by Ohio EPA, DAPC. During the audit it was determined that an RMP was not submitted in 2002 to U.S. EPA and Ohio EPA when the process exceeded the threshold of 10,000 pounds for ammonia, in violation of OAC Rule 3745-104-38(B). The date of receipt of the RMP is August 31, 2007. Respondent indicated that the RMP was completed in 2002, but had not been submitted; however, a plan dated prior to August 2007 was not available on site.
5. The RMP prevention program elements were reviewed during the audit. It was determined that many of these elements were implemented in 2002.
6. ORC § 3753.06 prohibits violations of provisions ORC Chapter 3753 or any rule adopted or issued under it. Respondent violated rules adopted under ORC Chapter 3753, specifically, the rules cited in Findings 3 and 4.
7. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and benefits to the people of the State to be derived from such compliance.

V. ORDERS

The Director hereby issues the following Orders:

1. Respondent shall continue to implement the compliant RMP program.
2. Pursuant to ORC § 3753.09, Respondent shall pay the amount of ten thousand eight hundred eighty dollars (\$10,880) in settlement of Ohio EPA's claim for civil penalties. Within fourteen (14) days after the effective date of these Orders, payment to Ohio EPA shall be made by an official check made payable to "Treasurer, State of Ohio" for four thousand six hundred fifty-six dollars (\$4,656) of

the total amount which will be deposited into the Risk Management Plan fund established pursuant to ORC § 3753.05. The official check shall be submitted to Brenda Case, or her successor, together with a letter identifying the Respondent, to:

Ohio EPA
Office of Fiscal Administration
P.O. Box 1049
Columbus, Ohio 43216-1049

3. In lieu of paying the remaining six thousand two hundred twenty-four dollars (\$6,224) of the civil penalty, Respondent shall fund the supplemental environmentally beneficial projects ("SEP") identified in Orders 4 and 5. Of the \$6,224, \$2,176 shall be used to fund the project in Order 4, and \$4,048 shall be used to fund the project in Order 5. In the event Respondent defaults or otherwise fails to complete any of the projects as specified in Orders 4 and 5, the \$2,176 for the project in Order 4 and/or the \$4,048 for the project in Order 5, whichever is (are) applicable, shall immediately become due and payable to Ohio EPA. Such payment shall be made by an official check made payable to "Treasurer, State of Ohio" and sent to Brenda Case, or her successor, together with a letter identifying the Respondent, to the above-stated address. A copy of the check shall be sent to James A. Orlemann, or his successor, at the above-stated address.
4. Respondent shall fund a SEP by making a contribution in the amount of two thousand one hundred seventy-six dollars (\$2,176) to Ohio EPA's Clean Diesel School Bus Fund (Fund 5CD0). Respondent shall make payment within thirty (30) days after the effective date of these Orders by an official check made payable to "Treasurer, State of Ohio" for \$2,176. The official check shall specify that such monies are to be deposited into Fund 5CD0 established by Ohio EPA for the Clean Diesel School Bus Program. The official check shall be submitted to Brenda Case, or her successor, together with a letter identifying the Respondent, to the above-stated address. A copy of this check shall also be sent to James A. Orlemann, or his successor, at the above-stated address.
5. Respondent shall fund a SEP that consists of spending at least four thousand forty-eight dollars (\$4,048) to install a wet rotoclone for emissions unit P003 (impingement oven) at Respondent's Washington Courthouse facility (0124010141) to effectively control the particulate emissions from the emissions unit. The SEP shall be completed within six months after the effective date of these Orders.
6. By not later than August 1, 2010, Respondent shall submit documentation to Ohio EPA showing that the total installed cost of the SEP in Order 5 exceeded \$4,048.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Air Pollution Control acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For purposes of these Orders, a responsible official is the person authorized to sign in OAC Rule 3745-35-02(B)(1) for a corporation or a duly authorized representative of Respondent as that term is defined in the above-referenced rule.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to the operation of Respondent's facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, State and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

X. NOTICE

All documents required to be submitted by Respondent pursuant to these Orders shall be addressed to:

Ohio Environmental Protection Agency
Division of Air Pollution Control
P.O. Box 1049
Columbus, Ohio 43216-1049
Attention: Sherri Swihart

or to such persons and addresses as may hereafter be otherwise specified in writing by Ohio EPA.

XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in section XII of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated, or modified.

XIII. EFFECTIVE DATE

The effective date of these Orders is the date these Orders are entered into the Ohio EPA Director's journal.

XIV. SIGNATORY AUTHORITY

Each undersigned representative of a party to these Orders certifies that he or she is fully authorized to enter into these Orders and to legally bind such party to these Orders.
