Dear Ms. Page:

Page Excavating, Inc. was issued a Notice of Violation (NOV), on September 21, 2012 for failure to notify the Ohio EPA of a new start date for asbestos stripping or removal at the above referenced addresses on September 19, 2012. The NOV explained OAC rule 3745-20-03(A)(3)(d) requires when there is an asbestos stripping or removal operation or demolition operation covered by this paragraph that will begin after the date contained in the notice, notification is required to the Ohio EPA field office of the new start date by telephone as soon as possible before the original start date, and postmark or deliver to the Ohio EPA field office a written notice of the new start date as soon as possible before, and no later than the original start date.

Through submittal of the revised notifications, Page Excavating, Inc. has returned to compliance.

Please be advised that this letter does not constitute a waiver of the Ohio EPA's authority to seek civil penalties pursuant to ORC section 3704.06. The Ohio EPA will make a decision on whether to pursue or decline to pursue such penalties regarding this matter at a later date.

If you have any questions, please feel free to contact me at (419) 373-3058.

Sincerely,

Joshua S. Clifton
Division of Air Pollution Control
