Dear Mr. Jeff Anglin:

On June 10, 2011, the Mahoning-Trumbull Air Pollution Control Agency (M-TAPCA) conducted an inspection of the property located at 2341 Hubbard Rd. Youngstown, Ohio. The inspection was done in response to black smoke being observed by M-TAPCA throughout the vicinity. At the time of inspection you indicated that burning activities were being done for waste disposal purposes, specifically carpet infested with fleas. At this time you were advised that the open burning of carpet and other materials other than clean seasoned firewood was illegal and the fire should be extinguished. You, Jeff Anglin indicated you did not have the means to extinguish the fire. At the time of inspection this writer observed a large pile of miscellaneous burned debris in the rear of the property. The pile consisted of but was no limited to plastic, carpet, wood, and miscellaneous materials. (pictures attached).

Please be advised you are in violation of Ohio Administrative Code (OAC) 3745-19-03. It is recommended by this agency that the burn pile be properly disposed and all open burning of illegal materials cease immediately to prevent future action.

Ohio Administrative Code 3745-19-06(A) provides that the director of Ohio EPA may assess and Collect, through unilateral orders, civil penalties of not more than one thousand dollars per day for each separate violation of the open burning rules that occurs on industrial, commercial, institutional or municipal property.

Be advised that this violation letter does not constitute a waiver of MTAPCA's ability to pursue further enforcement action through Ohio EPA concerning this or any other violations or to seek penalties as provided in Ohio Revised Code Chapter 3704.

Enclosed is a copy of Ohio's Open Burning Standards for your review. If you have any questions regarding this letter or the regulations, please contact me at (330) 743-3333 extension 283.

Sincerely,
